PROPERTIES

Northern Properties is a short-term vacation rental management company that has been in business since 1991. We have Drummond Island's largest selection of seasonal and year-round homes located all across the island. Our homes range from luxurious waterfront homes accommodating up to 12 guests, to 1 and 2-bedroom cabins perfect for couples or small families. Many of our homes have hot tubs, fireplaces, docks, and spectacular waterfront views. With nearly 40 homes to choose from, we're confident we have a vacation rental home that will suit your needs!
